**Title: Hudson Maxim Beautification Day**

**Cynthia Randina, Hopatcong Superintendent of Schools, Announces -**

What a wonderful day for the children at Hudson Maxim School in Hopatcong! Every child in preschool through first grade planted a flower to make their school a beautiful place. Through this activity, the children develop a sense of pride in their school. Volunteers helped dig the holes and supervised the actual planting. "We couldn't do this without them," said Judy Grogan the planting coordinator. This experience is meaningful because it includes students, teachers, volunteers and our local garden center, Nester's Nursery in Hopatcong. The funding for this activity is provided by the New Jersey Education Association and is disseminated through The Hopatcong Education Association.
