				184 Days

Four days are included for emergency school closings. This schedule is subject to adjustment based upon the actual number of days used. Days may be added or subtracted depending on actual usage. Schools must be open 180 days. The final day of school is subject to change. Parents and district staff members are asked not to make any vacation plans, etc., through the end of the permissible school or contract year of June 30th. Several teacher in-service and early dismissal days have been added for Professional Development this year due to meeting extensive Department of Education teacher training requirements.
