

Hopatcong Board of Education

Neil Piro
Facilities Supervisor

Dear Parent, Guardian, or Staff Member:

RE: 2010-2011 Asbestos Notification Letter

This notice is intended to comply with 40 CFR Part 763.93 (g) (4).

As per the United States Environmental Protection Agency's "Asbestos Hazard Emergency Response Act" [(AHERA) 40 CFR Part 763], please be advised that an Asbestos Inspection Report and Management Plan has been developed for each school and building in the Hopatcong Public School District.

The Principal or lead administrator at each building is responsible for maintaining a copy of the Asbestos Management Plan, and the Plan is available for review at each school during normal school hours. A second copy of each Plan is kept by the Facilities Department at 2 Windsor Avenue, Hopatcong.

The designated person for the district is Mr. Neil Piro.

As required by the U.S.E.P.A., periodic inspections of each school are conducted every six months by properly trained and accredited individuals. In addition professionally trained asbestos air quality monitoring firms are retained to perform asbestos re-inspections, the results of which are kept at the respective schools and the Facilities Department.
