April 4, 2016

Dear Parent and Guardians,

As we begin to think about Spring, we must also begin to prepare for various standardized assessments that occur during this time. Specifically, the PARCC test will be the primary means by which students are assessed for college and career readiness skills. I must reiterate the fact that satisfactory scores on both ELA and Mathematics PARCC assessments are required for graduation by the state of New Jersey. At HHS, we have already posted our PARCC calendar which includes one testing window as opposed to two conducted last year. The Tests span an eight school day period -- a significantly consolidated schedule from the 2015 PARCC administration. Our 2016 PARCC assessment will be conducted between Tuesday, April 12th and Thursday, April 21st. Any student that requires a make-up examination will be tested following the April 21st date.

For your convenience, below we have attached a direct link to allow access for your own information regarding the 2016 PARCC Testing Calendar.

Thank you for your cooperation as we work to streamline testing procedures.

Sincerely,

Lewis Benfatti,
Principal
