Title: TULSA AND HUDSON STUDENTS VISIT LEGOLAND

Cynthia Randina, Hopatcong Superintendent of Schools, Announces-

The Blended Learning Grant has made it possible for students participating in Mrs. Mancuso, Mrs. Fratangelo and Mrs. Sciabica's classes. Students were able to explore the ultimate LEGO experience in Westchester, NY on May 19. Students immersed themselves into a world of LEGO adventures including interactive rides such as Merlin's Apprentice and Kingdom Quest. They were able to build a car and send it down the race tracks as well as participate in a workshop where they learned all about gears while using LEGO's to build their own! The 4D cinema and various LEGO displays such as Miniland and Star Wars were just some of the highlights of the trip. Students were able to see their favorite LEGO characters come to life in the movie theatre and they checked out all of the amazing displays made completely out of LEGOS!

The field trip to LEGOLAND was such a unique creative learning experience for students and one that they will always remember. They got to have fun while learning, interacting and building with each other in the coolest playground environment!

Thank you to all of the teacher and parent chaperones who helped make this day so special.
