EARTH DAY COMMERCIALS

Cynthia Randina, Hopatcong Superintendent of Schools, Announces –

In honor of Earth Day, the students in Mrs. Mancuso's class created "Litter Bugs". After learning about ways to help and protect our Earth the students had many ideas to share. Each student was asked to bring in "garbage" from home to help create his or her creature. The students used their materials from home to create their very own Litter Bug. In writing, each student gave their Litter Bug a name, and then worked to write a special Earth Day message from their Litter Bug. Each student then had the opportunity to present their Litter Bug and its special message while filming an Earth Day Commercial. Happy Earth Day to ALL!
