Lewis Benfatti, Principal
Hopatcong Middle School

Learning Today. Leading Tomorrow.

March, 2019

Dear Parents/Guardians,

The New Jersey Student Learning Assessment for ELA, Math, and Science measures student proficiency with the New Jersey Student Learning Standards English Language Arts, Mathematics, and Science.

The NJSLA for ELA and Math is administered to students in Grades 6, 7, and 8.
The NJSLA-S is administered to Grade 8 students.

These tests will be administered on the dates listed as shown below:

- May 6 through May 10 - English Language Arts and Mathematics
- June 3 through June 7 - Science (Grade 8 Only)

These are online tests. Students will complete the test on Chromebooks; the process is similar to the previous years. Please remind your child to charge his/her chromebook.

Due to the importance of these assessments, all students must be on time to school on testing days. Reminder students must be in school no later than 7:25 a.m.

Best Regards,

Lewis V. Benfatti
Principal
